FOR IMMEDIATE RELEASE

NEW WORKS BY PAUL KOWALOW AT  
EC GALLERY

CHICAGO EXHIBITION DATES: April 3 - May 9, 2009

Chicago – April 3, 2009 – Nine photographs by Chicago photographer Paul Kowalow will be on view at the EC Gallery from April 3 to May 9, 2009.

"Cast by Reflection" is a new series of photographs depicting downtown Chicago jungle of skyscrapers and how their glassy surface can be transposed to a captive art form.

Paul's passion in photography has always been a desire to create work of art by capturing an ordinary still subject and bringing it to life. He has been experimenting with photography since late childhood and although Paul has learned photography using black & white film and color transparency, he now shoots almost exclusively in digital. Digital medium has revolutionized the art of photography by giving him more creative control and freedom in perfecting his technique.

An alumni of the New York Institute of Photography, Paul is also an MBA graduate from California Coast University in Santa Ana and holds a Computing Science degree from Simon Fraser University in Vancouver, Canada. A native of Poland, Paul has traveled around the world and lived in Germany, United Kingdom, Mexico, and Canada. He now lives and works in Chicago, USA.

There will be a reception on April 3, 2009 from 6 pm to 9 pm.
